Overall Length:

3.47 inches

Overall Width:

3.00 inches

Material Thickness:

0.09 inches

End Application:

Ch-53a/d/e

Hole Quantity:

3

Side For Which Designed:

Left side

Product Name:

Gussett, frame lh

Aircraft Location:

Gusset, frame

Aircraft Mission Design Series:

Ch-53a/d/e

Special Features:

Next assembly 349d920; application 346d910

Material:

Aluminum alloy 6061 or aluminum alloy 2024

Material Specification:

Qq-a-250/12 assn standard single material response or gaqq-a-250/4 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A11800
