**General Description:**

Aluminum alloy qq-a-200/2 comp 2014-t6, chromium-plated id qq-c-320 class 2, chemical film mil-c-5541 type 2 class 1 grade c all other surfaces, dim., 5.812 in. Nom lg, 3.373 in. Min, 3.375 in. Maximum od, 3.608 in. Min, 3.616 in. Maximum flange od, 0.438 in. Lg left flange w, 0.847 in. Lg center flange w, 0.531 in. Lg right flange w, 0.225 in. Flange w by 3.375 in. Diameter w/one groove per left and right flanges and two grooves on center flange, twelve holes 0.081 in. Diameter equally spaced 1.185 in. From left end w/2nd row of twelve holes 0.209 in. Distance between centers offset 15.0 deg, similar set of twelve holes 0.633 in. From right end, sleeve used on blade lag shock absorber

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli
