Diameter:

3.531 inches

Thickness:

0.063 inches

Machined Surface Finish:

Semismooth

Material:

Aluminum alloy

Material Specification:

Qq-a-250/5, t3 federal specification single material response

Fsc Application Data:

Hub assembly, main rotor, rotary wing acft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A539r0
