General Description:

Aluminum alloy qq-a-225/6 comp 2024-t4, anodized bps fw4001, dim., 4.000 in. Nom lg, 2.760 in. Nom w, 1.200 in. Nom ht, 0.310 in. Nom material thk, right side center extension 0.800 in. Lg by 1.250 in. Wide w/two end tangs 0.280 in. Lg by 0.245 in. W and 0.150 in. Thk, two holes 0.396 in. Min, 0.403 in. Maxdia drilled on vertical centerline 0.500 in. From right edge w/3.000 in. Center to center distance, two threaded holes 0.250-28 unf class 3b tapped on center extension 0.500 in. From vertical centerline w/0.750 in. Center to center distance, left side concaved by 3.670 in. Radius w/tang on each end 1.200 in. High

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
