General Description:

Steel, mil-t-6736 comp 4130 type 1 cond n tube, steel, mil-s-18729 comp 4130 cond n plate, dim., 7.814 in. Nom o/a tube lg, 0.430 in. Min, 0.434 in. Maximum flange od, 0.100 in. Nom base flange w, 0.123 in. Min, 0.129 in. Maximum tube id, 0.360 in. Nom tube od, one hole 0.032 in. Nom diameter drilled perpendicular to od 6.410 in. From flange left face, one hole 0.064 in. Nom diameter drilled perpendicular to od 7.430 in. From left flange face, two through holes 90.0 degrees apart 0.064 in. Diameter drilled on od 5.000 in. From left flange face, mounting plate 1.380 in. Lg, 0.750 in. W, 0.094 in. Thk, one hole 0.339 in. Dia0.370 in. From top, one hole 0.284 in. Diameter 1.115 in. From top, plate silver brazed to flange left face and marked no. 6, tube base threaded w/10-32 nf 2b threads 0.370 in. Deep jet used on main case transmission

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
