**General Description:**

Steel, mil-s-6758, comp 4130 cond d4 tube steel, mil-s-18729 comp 4130 cond n, dim 5.585 in. Nom o/a lg, o.430 in. Min and 0.432 in. Maximum flange od, 0.337 in. Nom base od, 0.285 in. Nom tube od, 0.190 in. Nom id by 5.430 in. Lg, 10-32 nf class 2b internal threads on base id 0.370 in lg, 17 slots 0.031 in. W, 0.094 in. Deep equally spaced and staggered on top and bottom of tube within 2.080 in. From right flange face, one hole 0.040 in. Diameter drilled through tube wall 3.304 in. From right flange face, jet orifice 0.040 in. Diameter drilled in tip at 43.0 degrees angle above horizontal center line, mounting plate dim., 1.234 in. O/a lg 0.750 in. Wide 0.100 in. Thk two mounting holes drilled in plate, first hole 0.339 in. Dia, second hole 0.271 in diameter w/0.624 in. Center to center distance between holes, plate marked no. 4

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli
