Overall Length:

7.280 inches

Overall Width:

1.876 inches

End Application:

F-4 aircraft

Criticality Code Justification:

Feat

Basic Material:

Steel

Special Features:

Reference data and literature: t.O.4s2-57-3; general characteristics item description: cadmium plate; 0.722 in. Diameter through 2 holes in line

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A52500
