Overall Length:

1.250 inches

Overall Width:

1.062 inches

End Application:

Next higher assembly 6532e900

Product Name:

Restraining block, cover plate number four, port block

Aircraft Location:

Landing system

Special Features:

Port block is mirror image of stbd block

Height:

0.750 inches

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
