End Application:

C-141 acft

Mounting Method:

Flange

Mounting Facility Type And Quantity:

3 unthreaded hole

Mounting Facility Circle Diameter:

2.770 inches

Shaft End Characteristic:

A14 single style single end

Special Features:

Receptacle connector-1014812b8-e--sh-3p

Reference Data And Literature:

T.O.4b2-12-3

Terminal Type And Quantity:

1 receptacle

Reference Number Differentiating Characteristics:

As differentiated by source control

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A271a0
