Hole Diameter:

0.825 inches

End Application:

1650-01-538-6112 cylinder assembly; mv-22 aircraft

Hole Shape:

Round

Product Name:

Tailstock assembly; inavy: tailstock assembly, aircraft

Special Features:

1 tailstock, 2 bushings, 1 insert scr thread locking

Material:

Titanium alloy

Material Specification:

Ams 1929 ti-6al-4v national specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A264a0
