Overall Length:

5.67 feet

Diameter:

0.50 inches stock

End Application:

Emergency lifting hoist

Thimble Quantity:

2 wire rope

End Type:

Terminal attachment both ends

Breaking Strength:

118.0 newtons

Core Construction:

Independent wire rope

Product Name:

Wire rope assembly

Special Features:

Coating is galvanized

Material:

Steel extra improved plow wire rope

Surface Treatment:

Zinc wire rope

Style Designator:

6 x 19 (wsc)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A082a0
