Hydraulic Servocylinder Assembly - Page 1 of 1

View Online at <https://aerobasegroup.com/nsn/1650-00-148-1156>

Special Features:

112.193 in.Min, 12.253 in.Max, retracted lg, 13.735 in.Min, 13.835 in.Max, extend lg of stroke, 3000 psi operating pressure, 4500 psi hydrostatic test pressure, 75000 psi burst test pressure, 65 degrees f minus to 275 degrees f plug, mil-h-5606 hydraulic fluid

Reference Number Differentiating Characteristics:

As differentiated by source controlling dwg a51h9024fscm 26512

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A34200
