**Special Features:**

112.193 in.Min, 12.253 in.Max, retracted lg, 13.735 in.Min, 13.835 in.Max, extend lg of stroke, 3000 psi operating pressure, 4500 psi hydrostatic test pressure; 75000 psi burst test pressure; 65 degrees f minus to 275 degrees f plus, mil-h-5606 hydraulic fluid

**Reference Number Differentiating Characteristics:**

As differentiated by source controlling dwga51h9024 fscm 26512

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A34200
