Body Material:

Steel, ams 5643

Overall Width:

2.500 inches

Bore Diameter:

1.752 inches

Overall Diameter:

1.979 inches

Compressed Length:

Any acceptable

Extended Length:

Any acceptable

Integral Valve Operation Method:

Hydraulic

Design Characteristics:

Single acting single cylinder

Fsc Application Data:

Reservoir, hydraulic, aircraft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A34200
