Mounting Provision:

Unthreaded mounting holes

Overall Height:

3.380 inches

Seat Angle In Deg:

37.0

Compressed Length:

20.623 inches

Extended Length:

20.997 inches

Mounting Provision Arrangement Style:

Two hole

Integral Valve Operation Method:

Electric

Design Characteristics:

Double acting tandem cylinder

Mounting Facility Diameter:

0.250 inches

Port Location And Quantity:

2 center section

Port Style:

Flared

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A34200
