Diameter:

0.5625 inches

Thickness:

0.031 inches

Material Specification:

Mil-f-10336 military specification single material response

Supplementary Features:

Material: fiber

Fsc Application Data:

Pump, cabin water tank, aircraft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A539r0

Mil-std (military Standard):

Mil-f-10336 spec.
