Special Features:

Pilot-operated piston ty, 18 to 20 volts dc, 1500 psi rated hydraulic fluid operating pressure at 160 degrees f, 10 psi rated operating pressure differential, alum alloy body, alum alloy seat seating surface, steel disk seating surface, steel stem, 1 orifice 3/16 in.Dia, thd female ty ends, 1/2 in.Od tube size 7/16-20 unf rh, normally closed

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A506h0
