Body Diameter:

0.427 mils and 0.437 centimeters

Filtration Rating In Microns:

40.0

Flow Direction:

Parallel

Body Thickness:

Between 0.083 inches and 0.103 inches

Design Type:

Limited

Filtering Media Design:

Layered single filtering media response

Material:

Steel comp 304 body

Media For Which Designed:

Air

Style Designator:

Round (basically flat)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A24000
