Regulating Flow Valve - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/1650-00-952-3815

General Description:

Yes - demil/mli

Roperating pressure 3000 psig, operating medium mil&h&5606, temp range m65 degrees f to p 160 degrees f, regulated flow 2 gpm both
directions, ports two and 10050&6, diameter 1.167 in, lg 4.000 in, body matl aluminum alloy 2024&t4
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
