**General Description:**

Mechanical and electrohydraulic operation, 3000.0 psig operating press, 4 gpm rated flow, m65.0 to p275.0 degrees f temp range, operating continuous, power supply voltages 28v dc and 26v ac 400 cycle

**Fsc Application Data:**

Aileron hydraulic system. F-104g acft.

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A23900
