General Description:

Mechanical and electrohydraulic operation, 3000.0 psig operating press, 4 gpm rated flow, m65.0 to p275.0 degrees f temp range, operation continuous, power supply voltages 28v dc and 26v ac 400 cycle, rh crank assembly

Fsc Application Data:

Aileron hydraulic system. F-104g acft.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A23900
