End Application:

Aircraft f15a

General Description:

Aluminum alloy; anodized finish; 2.100 inches long; 1.500 inches wide; 0.660 inches thick ; three mounting holes 0.211 inch through counter sunk 110 degrees by 0.250 inch dia, 0.250-28unf-2b inch diameter threads; 4 hole evenly spaced 0.235 inch diameter by 0.300 inch deep; counter sunk 0.270 inch diameter by 40 degree incline angle

Fsc Application Data:

Control, pitch, hydraulic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
