Body Material:

Steel, mil-s-8844, cl 1, cond e2

Inside Diameter:

0.360 inches

Mounting Provision:

Unthreaded mounting holes

Bore Diameter:

1.867 inches err-100 err-100

Mounting Provision Arrangement Style:

Two hole

Mounting Type And Location:

Fork center section

Mounting Facility Diameter:

0.378 inches

Center To Center Distance Between Mounting Provisions:

2.103 inches

Port Location And Quantity:

2 center section

Port Style:

Socket

Fsc Application Data:

Aircraft landing gear

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A34200
