## NSN 1650-01-241-3130

Hydraulic Accumulator Piston - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/1650-01-241-3130

## **Special Features:**

Shelf Life:

A562r0

Dimensions in inches, 4.338 outside diameter, 1.320 thick; piston has 2-grooves 1-0.424 wide 2-0.120 wide, also hole stepped through center 0.531 smallest diameter, 0.800 largest diameter; material aluminum 2024-t351 per qq-a-22516; heat treat per nad ps 15535 after machining; anodize per nad ps 13201type ii class i mil-a-8625; used on hydraulic accumulator 28-6005
