Body Material:

Steel, ams 5643

Overall Length:

2.003 inches

Bore Diameter:

0.422 inches err-100 err-100

End Application:

C-5b aircraft

Special Features:

Heat treat h900 per eps 11; passivate per eps 4; thin dense chrome plate i.D.Per qq-c-320 class 2, 0.001 thick lubricrome or electrolize, flash on other surfaces acceptable

Fsc Application Data:

Aircraft hydraulic systems

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A34200
