Hydraulic Drive Unit - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/1650-01-368-8214

Special Features:

Power drive unit leading edge drive system; has has elec motor to change direction of flow to hyd servovalve to one of 2 hyd motors two

splined drives rotate 30 revolutions either direction

Fsc Application Data:

Aircraft hydraulic, vacuum, deicind systems

Shelf Life:

N/a

Unit Of Measure:

Demilitarization:

No

Fiig:

A23900
