Aircraft Fluid Pressure Regulating Valve - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/1650-01-504-4617

End Application:
Drive sys; rs charging panel; visual landing aids
Criticality Code Justification:
Agav
Product Name:
(inavy)pressure regulator
Special Features:
Used on drive sys 3491as0310- (30003); visual landing aids-braso code vla; and rs charging pane
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
