Construction Type:

Multiple piece

End Application:

P3c orion fuselage

Specific Use:

Guide shaft, fore and aft control

Special Features:

Retainer-guide shaft, fore and aft control assembly of; chemical film protective treat

Surface Treatment Specification:

C-0498, class 1, type i federal specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A522y0
