**Product Name:**

Filter element

**Special Features:**

Fluid media skydrol 500b, rated flow 1gpm. element collapse pressure 3000psi. Fluid operating temperature neg 65 to positive 250 degrees

f. Filter media cres wire mesh, welded.

**Material:**

Stainless steel filtering medium

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A24000
