Linear Actuating Cylinder Assembly - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/1650-01-633-4657

	CONTINISTIT 1000-01-000-4001		
Voltage Rating In Volts:			
24.0 dc			
Integral Valve Operation Method:			
Hydraulic			
Design Characteristics:			
Single acting single cylinder			
First Piston Rod End Pipe Thread S	Size:		
0.375 inches all working ends			
Product Name:			
Actuator, hydraulic			
Special Features:			
0.0321 displacement gear, 24 volt pe	rminant magnet motor 2 wire, npt port threads,	0.375 npt filler port in resevoir,	cylinder stroke is 15.7
long, system has duel internal pilot op	perating check		
Shelf Life:			
N/a			
Unit Of Measure:			
Demilitarization:			
No			
Fiig:
