Body Material:

Brass

Flow Control Device:

Diaphragm

Flow Control Device Material:

Plastic

Outlet Pressure Range:

+25.0 to 30.0 pounds per square inch

Filter:

Not included

End Application:

H-1

Temperature Rating:

Between -40.0 degrees fahrenheit and 160.0 degrees fahrenheit

Valve Size:

2.00 inches

Product Name:

Valve, fluid pressure regulating, aircraft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A21100
