## NSN 1650-01-650-1221

Aircraft Fluid Pressure Regulating Valve - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/1650-01-650-1221

Body Material:
Brass
Flow Control Device:
Diaphragm
Flow Control Device Material:
Plastic
Outlet Pressure Range:
+25.0 to 30.0 pounds per square inch
Filter:
Not included
End Application:
H-1
Tempurature Rating:
Between -40.0 degrees fahrenheit and 160.0 degrees fahrenheit
Valve Size:
2.00 inches
Product Name:
Valve, fluid pressure regulating, aircraft
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A21100
