**Inside Diameter:**

Between 0.787 inches and 0.788 inches

**Outside Diameter:**

Between 1.540 inches and 1.570 inches

**Body Length:**

Between 0.609 inches and 0.611 inches

**Criticality Code Justification:**

Abkv and aarx and adaq

**Special Features:**

Flange contains 8 groove slots, equally spaced; shaft contains 13 lands; rockwell hardness c 32&24

**Material:**

Steel

**Material:**

Steel

**Style Designator:**

Round, flanged

**Fsc Application Data:**

Turbine, aircraft cooling

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A23700
