General Description:

Capsular element-ni-span-c, end fittings 303 cres, 0.390 in. Lg, 1.625 in. H, operating temp range 65.0 to 160.0 f, operating pressurespan 28 psia to 2.5 psia, spring rate 75 lb per in.

Fsc Application Data:

Regulator, oxygen, barometric, aircraft

Reference Number Differentiating Characteristics:

As differentiated by scott aviation div a-t-o inc sourcecontrolling dwg 800768-00

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
