**General Description:**

70 psi, operating pressure; warming coil method of oxygen warming; 20 l per min. Output capacity; w/pressure closing valve; 2 relief valves; w/check valve; w/pressure gage; w/o capacitance gaging element; top mtg; over-all dim., 12.875 in. Lg, 11.531 in. W, 9.281 in. Deep; w/o spare parts

**Specification Or Standard:**

A-3 type

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A23900
