General Description:

15.000 in. Lg, 11.644 in. W, 9.000 in. H, 70 psig operating pressure, minus 65 degrees f plus 260 degrees f ambient operational temperature, 15 lb empty weight, performance complies with mil-c-19328

Fsc Application Data:

F15 oxygen system

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A23900
