Overall Length:

6.251 inches

Overall Height:

1.936 inches

Overall Diameter:

2.062 inches

Unpackaged Unit Weight:

0.85 pounds

Product Name:

Valve, oxygen, pressure build-up & vent per mil-v-8057

Special Features:

Operating torque required to set the valve in either position shall not exceed 60 pounds - inches

Special Markings:

Valve, oxygen specification mil-v-057 omfrs p/n 20c-0023-4, essex cryog

Special Test Features:

High temperature operation = 260 f, low temperature operation = - 65 f

Supplementary Features:

Max weight = .85lbs

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
