End Application:

Purifier, acft, airconditioning, p-n32e00-0000

General Description:

Material, body 316 corrosion re- sisting steel, specifications, operating265 psig min., proof 400 psig min., burst 665 psig., temperature, operating-minus 65 degrees f to plus 160 degrees f, fluidcompatibility-ethylene glycol and water, dimensions, 2-7-32 in. Height, 3-3-32 in. Length

Fsc Application Data:

Acft, model no. E3a

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
