End Application:

1660-01-005-6318

General Description:

Lockwasher 70, block clevis 2, washer spring 5, filter 40, seat demand value 5, toggle inlet 20, spring hel. Comp. 14, valve check 20, plate light 15, ring retaining 62, plug pipe 20, valve relief 10, retainer valve 3, lock seal 22, flange 15, plate throttling 4, tube mixing 2, lug terminal 20, screen relief value 5, rod actuating 2, toggle diluter 20, toggle emerg. 20, seat value 20, retainer spring 10, rod push 27, spring air shutoff 3, fitting check value 5, lampholder and filter 5, retainer lamp 7, diaphragm 22, ring sealing 3, follow cam 20, plate top 10, cover plate 10, nozzle injector 22, spring conical compression 20, stem valve 10, insert seat 22, wire assembly 20, stem assembly valve 22, rod assembly pin 2, valve assembly relief 2, stem assembly extension 22, check valve adapter and spring assembly 5, diaphragm valve control plate 22, diaphragm and plate assembly 22, diaphragm assembly blinker disc 22, housing and tube assembly air inlet 3
