Special Features:

Assembly c/o: duct , cap, duct material alum ally tube ww t700/4, duct diameter 0.0750 in nom, 15 holes 0.190 in. Dia, cap mat alum alloy sh; thk 0.063 in. Nom, maximum oper press 16psig, maximum operating temp 160 degrees f

Material Specification:

Qq-a-250/8 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A11800
