Overall Length:

3.300 inches

End Application:

B-1b bomber aircraft

Aircraft Location:

Used as weapons bay launcher aft support cooling air tube

Aircraft Mission Design Series:

B-1b

Special Features:

Made from -005 alloy investment casting lbo170-195, class 11 2.150 in o.Do., 2.000 in. I.D., slot through projection on top 0.306 in.Lg, 0.190 in.W, nha l6312001

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
