Overall Length:

15.880 inches

Overall Width:

4.000 inches

Material Thickness:

0.035 inches

Aircraft Location:

Ctr fuselage

Aircraft Mission Design Series:

C-17a

Special Features:

Duct assembly, flow control valve-ls, pneumatic

Material:

Titanium

Material Specification:

Dms1872 mfr ref single material response

Surface Treatment Specification:

Mil-s-5002 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800

Mil-std (military Standard):

Mil-s-5002 spec.
