**Overall Length:**

91.330 inches

**Overall Width:**

5.000 inches

**Aircraft Location:**

Ctr fuselage

**Aircraft Mission Design Series:**

C-17a

**Special Features:**

Duct assembly, flow control valve-right hand

**Material:**

Titanium

**Material Specification:**

Dms1872 mfr ref single material response

**Surface Treatment Specification:**

Mil-s-5002 military specification single treatment response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11800

**Mil-std (military Standard):**

Mil-s-5002 spec.
