Overall Length:

37.000 inches

Overall Width:

5.000 inches

Material Thickness:

0.035 inches

Aircraft Location:

Inner pylon

Aircraft Mission Design Series:

C-17a

Special Features:

Duct assembly, pylon, inner, heat exchanger discharge

Material:

Titanium

Material Specification:

Dms1872 mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
