Cooling Medium:

Air

Case Material:

Brass and copper

End Application:

Coast guard hh65a aircraft environmental control unit.

Tube Material:

Brass and steel, corrosion resisting

Coil Tube Quantity:

1

Tube Circuit Quantity:

2

Case With Built-in Condensate Drain Pan:

Not included

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T240-c
