End Application:

Nsn 1520-01-355-8250; apache attack helicopter

Product Name:

Duct assembly-pressure regulator, sov, lh

Special Features:

2" diameter tubing bent r 5.00 per drawing; flanges welded to both ends; 60 psi; temperature 550 degrees f; operating medium-air; width 10"

Material:

Steel comp 321

Material Specification:

Ams5576 assn standard single material response or ams5557 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
