End Application:

Nsn 1520-01-355-8250; apache attack helicopter

Product Name:

Duct assembly-gse inlet, lh

Special Features:

2.00 od x .028 w tubing, cres sheet, cl 321 cond a .032 thk; cres 321 rod 1.00 od; 60 psi; temperature 550 degrees f; operating medium - air

Material:

Steel comp 321

Material Specification:

Ams5576 assn standard single material response or ams5557 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
