Furnished Items:

Nut plate

Overall Length:

25.280 inches

Overall Width:

10.880 inches

Material Thickness:

Between 0.025 inches and 0.875 inches

End Application:

Duct assembly, air conditioning-heating, aircraft

Hole Quantity:

3

Product Name:

Tail pack supply, duct assembly

Aircraft Location:

Tailpack

Aircraft Mission Design Series:

Nimrod2000

Special Features:

Uninsulated weight 6.55 pound, insulated weight 7.44 pound

Height:

13.440 inches

Material:

Titanium

Special Test Features:

Max operating temperature 446 degree fahrenheit; ambient temperature 194 degree fahrenheit, temperature minus 65 degree fahrenheit

Supplementary Features:

Duct assembly has 3 bends

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
