**Aircraft Location:**

Peripheral ii return-forward avionic cooling air subsystem

**Aircraft Mission Design Series:**

E-3a

**Material:**

Glass fiber and plastic

**Material Specification:**

Bac 5419 using bms 8-80 type v, class i, grade a prepreg mfr ref all material responses

**Surface Treatment:**

Plastic

**Surface Treatment Specification:**

Bms 8-39 type iv, grade 1.75 se, form a urethane foam mfr ref single treatment response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11800
