Overall Height:

Between 0.039 inches and 0.125 inches

Overall Diameter:

Between 0.062 inches and 1.000 inches

Special Features:

Uniform porosity; fully cleanable; solid state diffusing bonding; filter media held together at the molecular level; high heat tolerance

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
